Cosmetics & Personal Care

First choice for new formulations

SUDARSHAN

Adding value to your products

With over 60 years of manufacturing experience, well-equipped modern laboratories and a team of skilled technologists, Sudarshan is a prominent producer of performance colorants.

Our quality colorants offer outstanding performance, brilliant color and special effect to the cosmetics and personal care industries.

We have the resources to support the cosmetics and personal care industry with customized products, taking a partnership approach, providing solutions that make sense.

Operational Excellence

Sudarshan has a track record of delivering consistent, quality-controlled colorants, on time, to customers around the world.

Accredited with ISO 9001, ISO 14001, ISO 17025 and ISO 18001 certifications our quality, environment and safety systems are of international standards. All improvement programs are driven through 6-Sigma methodology.

Globally compliant heavy metal specifications

Our pigments are compliant with globally published regulatory norms.

- US FDA code of Federal regulations (CFR) title 21, part 73
- European Cosmetic Regulation 1223/2009
- Japanese standards of cosmetic ingredients (JSCI)
- Chinese hygienic standard for cosmetics

Sudarshan operates a zero-tolerance policy on child labour. We employ no workers below the age of 18 years at any of our sites, be they in India or anywhere else in the world. We demand that all our vendors and partners also adhere to this policy.

Creating new illusions in color & special effect

Prestige®
PEARLESCENT PIGMENTS

“ **Soft elegance** ”

Our Prestige® pearlescent pigments offer very subtle optical appearances and are well suited for visual effects that refresh and create a younger looking skin. The range varies from super fine to sparkling lustre colorants providing numerous possibilities to the formulators.

Sumicos™ 

“ **Outstanding performance** ”

Our Sumicos™ range of pigments brings brilliancy and shimmer to distinguish products in the personal care and color cosmetics space.

This lustrous range includes products based on natural and synthetic mica technology which perfectly complement the softer effects offered by our Prestige® range of products.
